

BENEFITS

Xono's benefits address the essential needs in today's workplaces, offering solutions that boost communication, foster a positive culture and promote employee wellbeing.

1

Enhanced Employee Wellbeing: Xono's platform provides tools and resources to improve employee mental health and overall wellbeing, leading to a happier and more engaged workforce.

2

Safe and Confidential Company Culture: With anonymous and identifiable messaging options, Xono ensures that employees can report issues or seek support without fear of retaliation or exposure.

3

Effective Safeguarding Measures: Xono's comprehensive safeguarding features help organisations proactively address and manage workplace safety and compliance issues.

4

Improved Compliance Management: Xono simplifies compliance management by offering robust tools for tracking and reporting, helping organisations seamlessly meet regulatory requirements.

WHY CHOOSE US?

Xono offers an all-in-one platform for trusted conversations. Designed for those who aim to build a safe, connected and motivated environment, our platform includes secure real-time texting, insightful articles, feedback surveys and broadcast tools. We empower organisations to address concerns, share knowledge and maintain seamless communication, creating a thriving environment.

1

Holistic Wellbeing Coverage: Xono offers a comprehensive approach to employee wellbeing. We provide **anonymous and identifiable support**, covering all aspects of workplace wellness beyond whistleblowing.

2

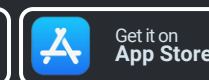

Flexible Survey Options: Xono's survey tools support **anonymous and identifiable feedback**, allowing organisations to gather detailed insights while respecting employee confidentiality.

3

Unique Articles Feature: Our Articles feature enables organisations to publish and manage tailored content for employees, offering a level of communication and engagement that other platforms lack.

4

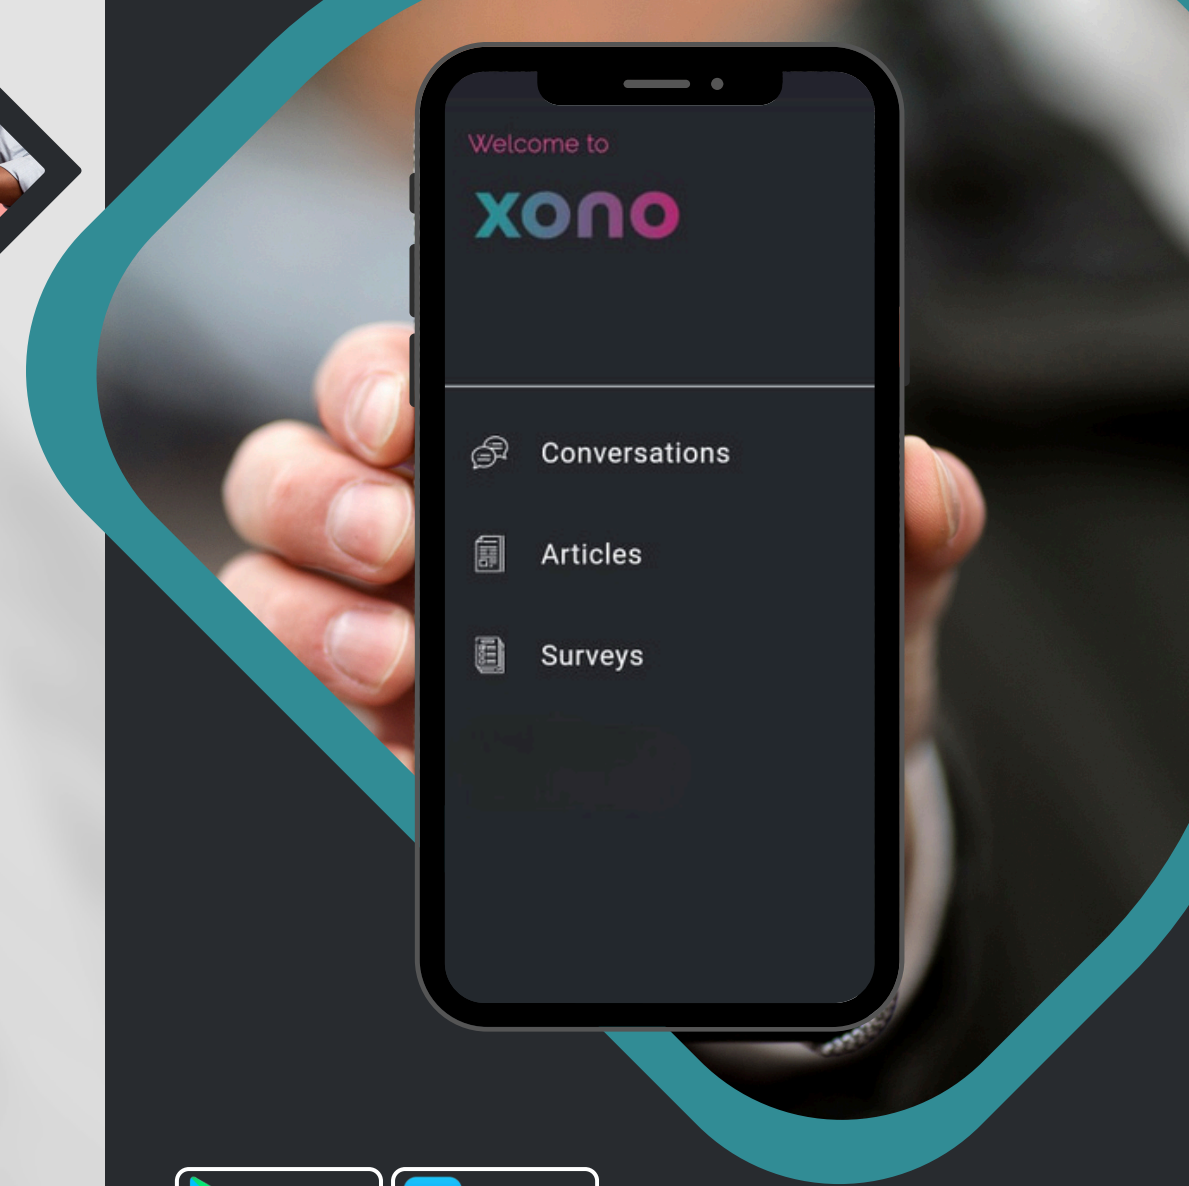

Innovative Broadcasts: Xono includes a Broadcast feature for efficiently sharing essential updates and information with employees, ensuring key messages are communicated effectively and are not overlooked.

UNLOCK THE POWER OF **SPEAKING UP SAFELY**

Wellbeing, Whistleblowing and Safeguarding

WHAT WE OFFER

Gain access to a comprehensive solution for **wellbeing, safeguarding and whistleblowing**. Every feature within Xono is designed with rigorous standards to ensure we help you:

ANONYMOUS FEATURES

- 1 Anonymous Instant Messaging:** Allow employees to share their thoughts and concerns without revealing their identity.
- 2 Anonymous Surveys:** Gather honest insights through surveys where respondents can choose to remain anonymous.

IDENTIFIABLE FEATURES

- 1 Identifiable Instant Messaging:** Allow employees to reach out for support or raise issues while maintaining direct, accountable dialogue.
- 2 Identifiable Surveys:** Run targeted surveys where employees can share their feedback openly, helping management address concerns with full context and foster transparency.

OTHER KEY FEATURES

- 1 Article:** Keep your employees informed and engaged with tailored content. Xono's Articles feature lets you publish relevant updates, guidelines and information.
- 2 Broadcasts:** Share important announcements quickly and efficiently with your organisation through Xono's Broadcast feature. This ensures that key messages are delivered promptly, keeping everyone on the same page.
